

SOLBASIMUM

Brand Identity Guidelines

SEPTEMBER 2023 | Version 1

Relentless Innovation.

Solbasium is the pinnacle choice for those wanting the most effective photobiomodulation tools on the market. Our cutting-edge products are designed by world class engineers and scientists on a mission to relentlessly innovate health and wellness. We are committed to pushing the boundaries of what's possible to empower you to live your best life.

We are Solbasium.

Solbasium, the brand.

Our brand is the culmination of every touchpoint we have as a company – whether designed, printed, programmed, put in motion, or even spoken. Though the impression of our brand only lives in the minds of customers, we can aid that idea through the consistent expression of how we show up visually and verbally in the world. Our brand should always reflect the values and beliefs expressed throughout this book.

Welcome to the Solbasium brand, have a look around and get to know us.

How to use this book

This book is a guide to help you understand the Solbasium brand and is intended for in-house creative teams, agency partners, and outside vendors when creating communications materials. It illustrates how to use our design system and its visual and verbal elements. Combining these elements displays a strong brand and gives Solbasium a unique look and voice in the market.

Consistency is vital when expressing any brand; when used correctly, these guidelines help achieve it.

1.0

OUR LOGO

The Solbasium logo is the cornerstone of our brand and represents what we are and how we show up in the world.

1.1 Overview

SYMBOL

SOLBASIMUM

LOGOTYPE

COMPLETE LOGO

1.2 Master Logo

The logo comes in two basic forms:

- 1 The stacked logo – used mostly where space is a challenge.
- 2 The horizontal logo – This is the primary form that the logo appears.

Stacked

Horizontal

1.3 Colour Version

Our Symbol, Logotype and Complete Logo always follow the primary corporate colours. They do not change colors or have effects overlayed on them.

The logo is reversed out when used over any color in the primary colour palette or over the colour background that does not have sufficient contrast.

For use over a photograph please be sure there is sufficient contrast and the logo is easily legible.

Primary

1.4 Black & White Version

When using the our logo on dark backgrounds, simply inverse the logo to a complete white. When color cannot be used, simplify the mark by using all black.

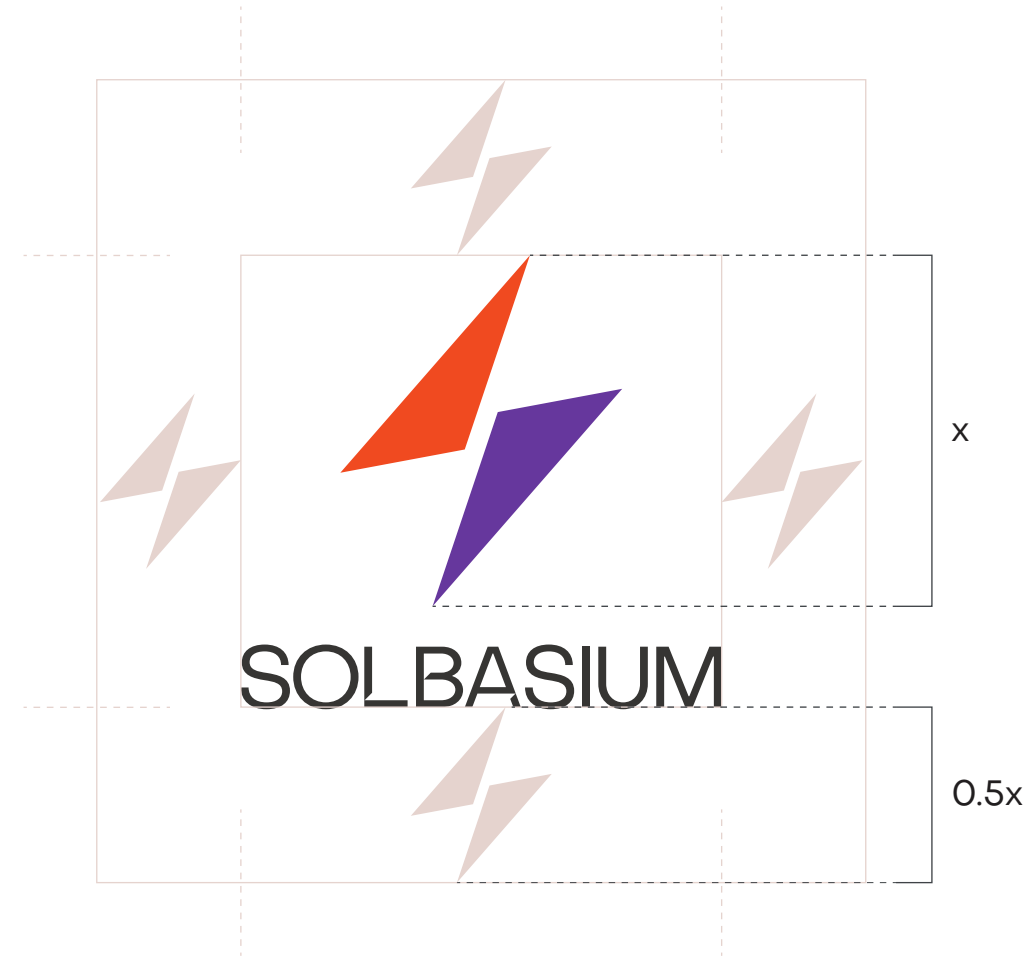

1.5 Minimun and Clearance

The Logo should always be surrounded by a generous amount of open space to keep it free of any visually distracting elements.

Typographic or photographic material should not infringe on the imaginary clear space indicated as the grey space around the logo.

The vertical and horizontal clearance should be 0.5x the width of the symbol.

1.5 Minimun and Clearance

The Logo should always be surrounded by a generous amount of open space to keep it free of any visually distracting elements.

Typographic or photographic material should not infringe on the imaginary clear space indicated as the grey space around the logo.

The vertical and horizontal clearance should be 0.5x the width of the symbol.

1.6 Minimal Size

Our logos should be always visible.
While our logos can be resized to fit different types of collateral, it's important that you never scale them down below the recommended sizes.

The logo may not be reproduced any smaller than a width of 30mm as legibility will be compromised, must always be at least 30mm(width) on A4 print and 200 pixels on digital.

Print

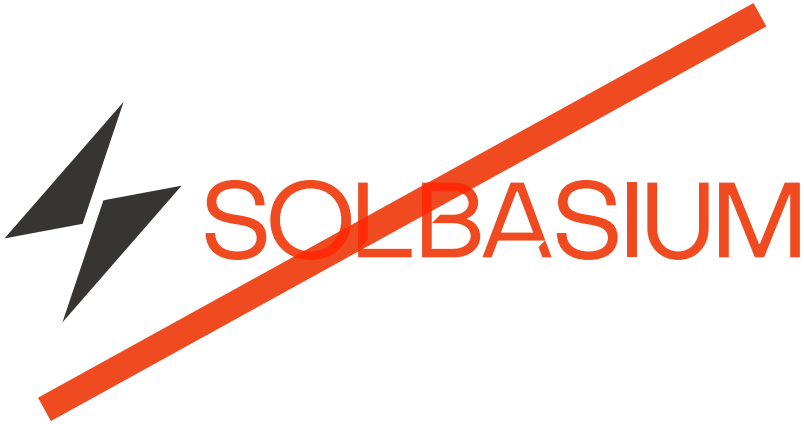

Digital

1.7 Improper Use

Our Logo is the cornerstone of our brand and should not be altered in any way.

- ⊗ Don't mix colors
- ⊗ Don't alter the spacing
- ⊗ Don't break lines
- ⊗ Don't change the font
- ⊗ Don't add visual effects
- ⊗ Don't crop
- ⊗ Don't stretch or skew

2.0

Color

Our color palette is uniquely Solbasium. It is designed to ground us in the world of while being as distinct and agile as we are as a company. The broad palette across warm and cool color spectra provides excellent flexibility and unique expressions for both the brand and product.

2.1 Overview

2.2 Primary Palette

Our primary color palette is Orange, Purple and Dark Gray. This should be used for the majority of brand-level communication.

Orange

CMYK 0 / 85 / 90 / 0
RGB 240 / 74 / 32
PMS Bright Red C
HEX f04a20

Purple

CMYK 75 / 95 / 10 / 0
RGB 102 / 55 / 157
PMS 2077C
HEX 66379d

Dark Gray

CMYK 70 / 65 / 65 / 55
RGB 54 / 53 / 51
PMS 447C
HEX 363533

2.3 Secondary Palette

Our secondary palette is made of colors intended to complement and expand our primary palette across our products, web and other collateral.

Maximum Blue Green

CMYK 70 / 0 / 35 / 0
RGB 45 / 190 / 178
